

ADVANCED LIFE SUPPORT WORKSHOP

DATES:

TIME: 8:00AM – 5:00PM

COST: \$660.00

PAYMENT PLANS AVAILABLE

CPD: 18

PRESENTED BY ROB TIMMINGS

One-day workshop – fully catered

Advanced Life support (ALS) is a highly sought-after course competency that is required by many nurses, paramedics and medical staff. It builds on Basic CPR and the automated use of a defibrillator that the annual BLS program offers.

Using guidelines from the Australian Resuscitation Council (ARC), and the Australian and New Zealand Committee on Resuscitation (ANZCOR), the ECT4Health Advanced Life Support workshop offers a certificate of completion for successful participants.

The program is pitched at RNs requiring ALS1 competency with the workshop structured in two parts (Pre-learning and one-day workshop). Developed for agency and hospital nursing staff to have access to BLS/ALS certification for contracts.

This workshop offers a total of 18 CPD hours comprising of 10.5 hours of pre-requisite education and 7.5 hours of one-day workshop.
