PRESENTED BY ROB TIMMINGS

One-day seminar – fully catered

The ECT4Health Wound Care Seminar is a one-day program that takes nurses through the physiology of wound healing, the discourse of chronic indolent wounds, wound assessment, medication and dressing selection.

Whether you are in acute care, peri-surgical, infectious diseases, aged care/community or school-based care – wounds are one of those low hanging apples that we can always refresh.

Content includes:

- Chemistry and cellular response of inflammation
- Pathological wounds – diabetic, venous, arterial, mixed ulcers
- Haemostasis and inflammation
- Wound cleaning – has it changed?
