ECT4Health - Pacific Island Hopper

Nothing says 'tropical holiday' like island hopping from one tropical destination to the next, and when it comes to the Pacific Islands, we do it best!

There's the Frenchy-chic vibe of Noumea, the ancient culture of Lifou and the Caribbean atmosphere in Vila. Oh, and the beaches...we'd never forget the beaches!

Cheerful and tropical, Noumea has all the flavor and ambience of a bustling, sophisticated provincial French town with the friendly charms, adventure and heavenly climate of the pacific islands.

Life's a beach on Mare, which is the best kept secret of all of New Caledonia's islands. It is about as close to paradise as any will ever come.

Port Vila has seen more history and change than many towns ten or even a hundred times its size. when it comes to culture, tradition and history, this is a city with an incredible depth of each.

Set sail from Brisbane on your **7-night Pacific Island Cruise** on board P&O Pacific Aria with these inclusions:
